

**The UnitedHealthcare
Children's Foundation —
enhancing the lives of families
in need, one child at a time...**

The UnitedHealthcare Children's Foundation (UHCCF) is a non-profit charity dedicated to enhancing the quality of children's lives. Thanks to the generous contributions of many donors, UHCCF has been able to touch the lives of thousands of children and their families through much needed medical grants. These medical grants help improve access to medical services and items that are not covered, or not fully covered, by a family's current commercial health benefit plan.

Since being founded in 1999, UHCCF has granted over \$15M to over 5,000 families across the country. Grants have helped pay for necessary medical services and medical equipment such as physical therapy, surgery, chemotherapy, and medical equipment such as orthotics, wheelchairs and hearing aids for children.

To learn more about UHCCF, other grant recipients, or to apply for a grant, we invite you to visit our website at www.uhccf.org.

Do you know a child
who could
benefit from a
medical grant?

Answer "YES" to all four questions listed inside and the child may be eligible to receive up to \$10,000 in medical grants from the UnitedHealthcare Children's Foundation!

Do you have or know of a child who could benefit from a medical grant?

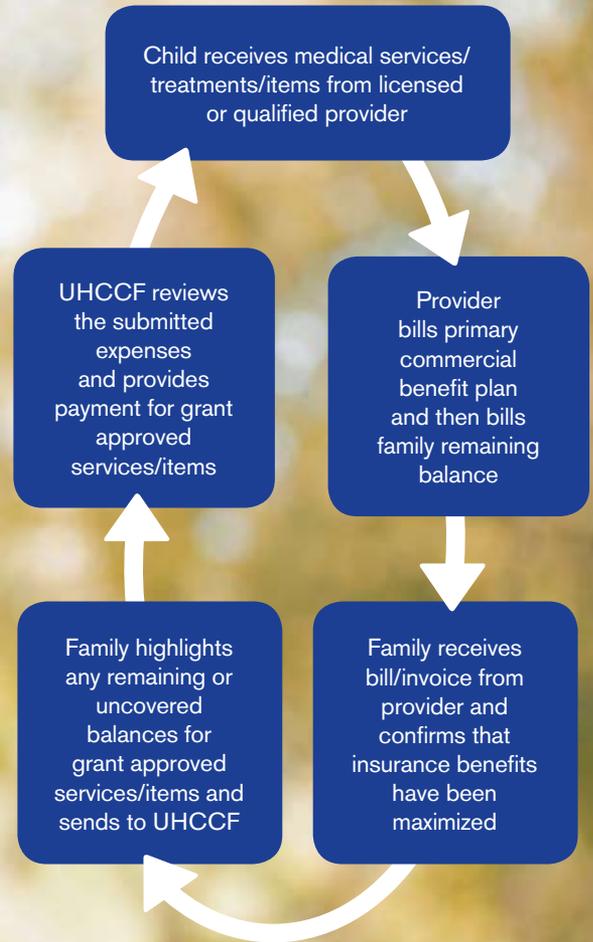

If you can answer “YES” to all four questions below, the child may be eligible to receive up to \$10,000 in medical grants from the UnitedHealthcare Children’s Foundation!

- Is the child sixteen or younger, living in the United States, and facing a health-related challenge?
- Is the child currently covered by a commercial health insurance benefit plan? (*See special note below on Medicaid and similar exclusions.)
- Does the commercial benefit plan cover only a portion or none of their necessary treatment, services or equipment?
- Does the parent(s) or legal guardian(s) currently meet the following Adjusted Gross Income levels (as reported on last year’s IRS 1040)?

| Family Size | Adjusted Gross Income |
|-------------|-----------------------|
| 2 | \$50,000 or less |
| 3 | \$75,000 or less |
| 4 | \$100,000 or less |
| 5 or more | \$125,000 or less |

Note: Eligibility and coverage criteria is subject to change. For a full listing of current eligibility requirements and coverage exclusions, please visit www.uhccf.org.

How the medical grant process works, once approved.

Important eligibility notes/considerations:

- To be eligible, the child's current primary health insurance cannot be Medicaid, Medicare, SCHIP or similar government assistance programs, HIS or other government subsidized health insurance programs given to those without insurance or with low incomes. Enrollment in these programs as a secondary insurance is accepted.
- If the grant is approved, any treatments, services or equipment must be received in the United States from a trained professional, and if a license is required for the treatment, services or equipment received by the grantee it must be rendered by a licensed professional.
- The Foundation does not cover some services / items (i.e. dental and orthodontics — if not related to a serious medical condition — educational/tutoring programs or camps, etc.) even if doctor recommended.

What can the medical grant cover?

Qualifying families can receive up to \$5,000 annually (\$10,000 lifetime max) to help pay for medical services and equipment such as physical, occupational and speech therapies, counseling services, surgeries, prescription medications, wheelchairs, orthotics, eyeglasses and hearing aids.
